It is with great pleasure that the Australian and New Zealand Prader-Willi Syndrome Associations invite you to Brisbane in October 2018, to join us at the 4th Asia Pacific Prader-Willi Syndrome Conference.

Our conference theme is Inspire, Include, Empower, which symbolises our goal to create a better life, with fuller opportunities, for all people with Prader-Willi Syndrome. The conference provides opportunity for scientists, professionals, parents and caregivers to join together, providing a forum to share expertise.

Speakers

Our speakers come from around the wider Asia Pacific region, together with several guests from the Northern Hemisphere, and are each recognised as leaders in their fields. Each has a particular interest in Prader-Willi Syndrome and in depth experience in this area.
